

Deadline:

Portfolios MUST be received by April 26, 2011

Entry fee:

\$10 per portfolio, \$25 maximum

Portfolio requirements:

A total of 10 prints in each portfolio, black and white and/or color, matted or mounted on 11x14 white or black mat board (no poster board.) The sponsoring instructor must be an ATPI member and must be at a Texas school. We recommend that all 10 prints in the portfolio be matted or mounted with the same color board.

Portfolio categories:

(all 10 prints in a portfolio must fit the the same category)

- Architecture
- Sports
- Documentary/Photojournalism
- Landscape/Nature
- Portrait
- Still Life
- Thematic (portfolio should be created around a single theme selected by the school - include a matted or mounted explanation of the portfolio's theme)

Schools should submit a CD with copies of images from all portfolios containing digital photographs. Digital files should follow the instructions found at http://www.atpi.org/image_instructions.htm.

Entry requirements:

Schools may submit up to four portfolios. All four portfolios must compete in the Top Program division. Individual students may submit no more than two photos per portfolio. Photos that are made outside the school's program (such as workshops and outside courses) are ineligible since the portfolio should be a reflection of the school's work. The photos eligible for competition must have been taken after April 21, 2010. Students must have been enrolled in a photo program at the school during the 2010-11 school year.

Prizes:

Each portfolio category will have a first, second, third place and honorable mention winner. Judges will name one overall winner as Top Program based on four points for first place, three points for second place, two points for third place and one point for honorable mention. A tie-breaker system will select one Top Program if two or more schools tie. The winning program will receive a plaque noting their accomplishment and recognition at the next year's Winter Conference.

Once a school enters the Top Program division, they must compete for two years at this level before going back to Rising Star division, if they choose.
