

# Possible Research Topics

## I. Graphic Arts Processes

- A. Screenprinting
- B. Negative/Positive Reproduction
- C. Cyanotypes
- D. Gum Bichromates
- E. Van Dyke Process
- F. Xerox/Mimeograph
- G. Laserprinting
- H. Diazo Products

## II. Color Printing

- A. Color Film and Printing Process
- B. Color Printing Process

## III. Color Reversal

- A. E-6
- B. Color Printing

## IV. Medium/Large Format

- A. Color Negative
- B. Color Reversal
- C. Black and White

## V. Video

- A. Experimental
- B. Documentary
- C. Commercials
- D. Music Videos

## VI. Computer Imagery

- A. Computer Generated Images
- B. Digitizing and Manipulation
- C. Computer + Video

## VII. Advanced Black and White

- A. Transparencies
- B. High Contrast
- C. Infrared
- D. Zone System
- E. Low light
- F. Developers (film/paper)
- G. Films
- H. Papers
- I. Finishing Processes

This is only a list of suggestions. You could select a specific subject matter you wish to work on or come up with an idea on your own. Keep in mind budget and equipment constraints.
