

## Assignment: CD Cover

### Materials:

Computer  
Digital Camera

### Procedure:

You are releasing the song of your choice as a single and you need a cover for the CD case.

You must use an image from the digital camera, a scanned image (not the original CD cover) and an image saved on the computer. To find the images saved on the computer go to PHOTOSHOP GOODIES SAMPLES.

The final image should be CD size, 6X6, with a resolution of 120.

You should also include any text as necessary.

Once you have the image complete LAYER FLATTEN IMAGE.

### Turn in:

Printed final image
