Two Looking Reports

Grade weight of 1 each

Remember to write in complete sentences. This is no your English class (as so many of you have made a point of mentioning to me) but some of you will find out that it is hard to get a job when you appear to be ignorant. Learn to write well. These are due the weeks of 2-26 through 3-16 and 3-26 to 3-30. Mark your calendar or turn them in early. If you are absent for your day turn it in the day you come back.

"Divide and Conquer"

A.K.A. Teaming Assignments

This six weeks you will be working in teams to complete projects in a variety of disciplines. Think of it like the Visual Olympics Triathlon. You will be assigned groups to work with. Attendance is critical to your success since there is a lot of this which you cannot do at home. You will have to read and put into practice what you have read.

Your story can be a morality play or an idea but should have a concrete beginning, middle and end. Turn in your negs and a minimum of five @ 3.5x5 size photographs mounted on heavy stock board. Shoot them either all horizontal or all vertical to keep the continuity of your images (like a comic strip in the newspaper).
