

Interview Questions 1998

BRING YOUR OWN PHOTOS - CRITIQUE YOURSELF AND YOUR WORK.

Show us how you would read the light meter for this current light setting.

Which darkroom enlarger is best and why?

Give a nickname to everyone in the room.

Which contest category of photos do you most enjoy shooting? Which is your least favorite?

Which filter is used with incandescent light?

Who in this room is the best photographer and why?

You've been printing a 5x7 and now you want to print an 8x10 of the same image. What do you do in terms of the light to compensate for the change in size?

We are up here late at night working on contests. It's your turn to buy dinner for the group; where do you purchase dinner and why?

Which is the best sport to shoot? Defend your answer.

I'm going to pick a photo at random from the stack over here. Critique it for us.

How many contest shots do you currently have in mind? Expand on one of those photo ideas and tell us about it.

Which you you prefer, color or black and white, and why?

Who is your favorite photographer and why?
