## Communication Graphics Assignment Sheet 1st 6weeks

Ah my young Padawan...you are headstrong and have much to learn about the living Force...Are you ready to face the trials? Here is the first *Photo Assignment Sheet* (PASS ...the extra "s" is for the expletive). Do or do not. These is no try.

### Two Looking Reports

**Grade weight of 1 each**

Collect one photo and use the provided sheet to answer the questions. If you cut out the picture include who shot it, the caption and in what context it is used. Remember to write in complete sentences. This is not your English class but some of you will find out that it is hard to get a job when you appear to not have the skills. Learn to write well. These are due the weeks of 8-21 through 9-1 and 9-11 to 9-22. Mark your calendar or turn them in early. If you are absent for your day turn it in the day you come back. Turn them into the "turn-in-tray."

### Composition Elements Quiz

**Grade weight of 1**

Take notes (no you can't use them during the quiz) during our discussion on *Why is it that mom always manages to cut the heads off of people when she is behind the lens*(...is she psycho or was it something you did?) or what makes a good photo and how composition elements play a part in the process.

### Photo History Hunt

**Grade weight of 1**

Take notes during the lecture and follow the instructions given. This isn't rocket science but it is for a grade.

### Cyanotype

**Grade weight of 1**

Fun thing we will do in class. You will need some objects to make images from (leaves or shapes...flat stuff works well, a picture frame, and some acid free paper like you get from quality sketch pads).

### Chapter 2 : The Camera Questions

**Grade weight of 1**

"Me read book-answer questions" -Tarzan

### Chapter 3 : The Lens Questions

**Grade weight of 1**

"Rrrraaaarrrrrrggggggghhhhhhhh" -Frankenstein

### Pinhole Cameras & Images

**Grade weight of 2**

If you build it it will work. Hey this is fun stuff. Build a camera out of a light-tight box...how? You look like a smart person...figure it out. I'll provide the film.

### Photo Math Quiz

**Grade weight of 1**

This is not as hard as regular math so you will do well. We will be looking at how F/stops and Shutter Speeds work together to take a picture and how Sunny 16 has nothing to do with your birthday.

### Six Weeks Exam (or *I knew I should've gone to my counselor*) **Grade weight of 2**

Everything so far is covered in a 50 question exam.
