

## **Photographic Definitions**

**adjustable camera**

**automatic camera**

**“bulb” setting (B) -**

**candid pictures -**

**composition -**

**cropping -**

**density -**

**depth-of-field -**

**diaphragm -**

**double exposure -**

**emulsion**

**enlargement -**

**environmental portrait**

**exposure -**

**exposure meter -**

**exposure setting -**

**film speed -**

**filter -**

**“fisheye” lens -**

**fixed focus lens -**

**f/number or f/stop -**

**focal length -**

**focus -**

**foreground -**

**grain -**

**highlights**  
**infrared film** -  
**lens** -  
**lens speed** -  
**matte** -  
**negative**  
**normal lens** -  
**overexposure** -  
**panning** -  
**posed pictures** -  
**positive** -  
**“pushing”**  
**RC paper** -  
**reflector** -  
**Rule of Thirds** -  
**shutter** -  
**sidelighting** -  
**silhouette** -  
**slide** -  
**SLR** -  
**Spot news** -  
**spotting a print** -  
**synchronization speed** -  
**T-Max 100** -  
**T-Max 400** -  
**telephoto lens**  
**TLR** -

**tripod -**

**underexposure -**

**wide-angle lens -**

**zoom lens -**
