Scavenger Hunt II

Divide your self into groups of no more than four, no less than two. You will need to give me a minimum of 9 shots from the list below at or before the end of the period today. The purpose of this assignment is to let you experience a deadline and give you an opportunity to work with others under exasperating conditions.

When turning in the photos you are not to put any name on the back of the images. Rather simply choose a design or letter to designate your group and write it in the back in the bottom left hand corner. Thus no judge would be able to favor one group over another.

Categories:	neon
under age 2	at work
Jello abstract	seafood
portrait shot	stripes
commercial	fall
under age 8	bad habits
Not Enough Time!!!	Algebra in America
UFO's	Silhouette

Some of the topics are purposefully left ambiguous so that you may be creative. It is, in fact, a requirement that you be creative if you wish to be victorious. Each group is in competition with the other groups in each category.

The judges will be asked to assign a grade of 0-100 on each print in each category. The winning photo in each category will receive an extra 5 points, second place will receive 2 extra points and third place will receive an extra point. The group with the highest average will receive 5 more extra points on the Scavenger Hunt grade in the grade book! Obviously it is a time to do your very best!!

Each photo will be graded on:
contrast
composition
focus
