Dear parents,

I am your child's photojournalism teacher, Brenda Slatton, my home number is 494-1816. My work number is 658-6251 ext 238

Feel free to call me at any time if you have concerns or questions.

This is a behavior contract, it is to let you and your child know about the class rules. In this class, your child will have to leave the classroom on some occasions to interview or photograph. They will be unsupervised at this time so I am trusting that your child will go and do what the pass allows them to and not get into trouble. If you do not want me to give your child this freedom please call me.

- In a photojournalism class, the students are required to have access to a 35mm camera. It does not have to be an expensive one, it can be a point and shoot but you need to realize that these cameras are limited in ability. The school has one camera that the child may use during class if their camera cannot perform any of the assignments
- Your child will also be learning how to use a computer which I feel is very important for their future. We use Macintosh computers and they will learn Microsoft Word and Pagemaker.
- please detach the bottom portion of this letter and return to me by the next class period:
