

I would appreciate it if you would take the time to complete the following questionnaire. This questionnaire is designed to help me plan the class a little better, get some idea of the cost per student, and also see what you thought about the class. It is your choice as to whether or not to write your name on the questionnaire. Your answers will not affect in any way your grade in this class.

1. Were you enrolled in Photo 1 or Photo II?
2. How many rolls of black and white film would you say that you shot for this class?

Do you feel that was enough, too little or too much film to use? Comments?

3. How much photographic paper did you use? Enough, too little, or too much?
4. Overall, how much money do you think you spent on materials for this class?

Was this too much, too little or about right?

5. Do you think there were too many assignments or not enough?

Were the assignments interesting?

What is one assignment that you wish I had given, but did not?

What is one assignment that you wish I had not given?

What was your favorite assignment?

6. Is there anything that you didn't learn about in class that you wish you had?
7. Is there anything that you wish I had never lectured on or assigned?

8. When I lectured, was my information presented in a clear manner? (Did you have a hard time understanding what I was trying to tell you?)

Is there anything I could have done to make my lectures more understandable or interesting?

9. What did you think of the way critiques were handled? What would you have changed about them?

10. What is the one thing that you will remember most about this class?

11. What is the one thing that you would like to forget about this class?

12. Was the work easier, harder or about what you expected? Comments?

13. Do you think the class needs to be easier, harder, or is it about right?

14. What would you tell someone if they asked you if they should take this class?
