

# You wanna piece of this???

## Photo II that is

So you want some more huh? Signing up for **Communication Graphics II** does not automatically get you into the class. Several factors come into play starting with this one... turn in a 7-10 print/slide portfolio of your best stuff by Friday, February 9th, 2001. This can contain color or B&W images that give us a feel for your best work. It doesn't have to be the stuff you shot for your assignments and it doesn't have to be in a portfolio case...just show us what ya got. Also, please respond to the following...

1. Tell us what your goals are photographically and what you can bring to the program.

2. Explain why you submitted the images you did.
