Materials: digital camera, any special equipment

11 – 11:50 a.m. (1st Period)

COMPOSITION IN DRONE PHOTOGRAPHY..... FA 2102A

John Skees

An in-depth discussion on composition in drone photography with an emphasis on creating promotional images and graphics for your school or program. Session will also include a brief overview on equipment and FAA regulations for commercial drone pilots.

PORTRAITURE FOR NEWSPAPER AND MAGAZINE..... FA 346

Ian McVea

You have an assignment from an editor to photograph a person whom you've never met, never been to their workplace/home, and will only have a few minutes to photograph. How do you put your subject at ease, form a connection, and come up with a way to illustrate the story with just a single portrait? This session explores ways of approaching the environmental portrait that will accompany a published article.

AROUND THE WORLD: A DOCUMENTARY TRAVELOGUE..... FA 357

Sil Azevedo

Documentary travel photography is about capturing the ethos of a place through images. Whether on a trip on the backroads of Texas or going Around the World, the camera gives us a chance to feel things more intensely and to connect at a deeper level. In this session, I will be sharing some of my experiences and some principles I have learned while shooting around the world for publications and my personal portfolio that apply to documentary photojournalism no matter where you are.

PHOTO STORYTELLING.....FA 358

Margaret Sorrows

Great photos are a universal language. See award-winning examples of photo storytelling to help you upgrade your photography as you tell the photo story of who you are as a school. This session will feature select winners in the 2022 NSPA Photo of the Year contest.

VISIT THE GALLERY AT UTA

Life and Death:

Luis Jiménez is an exhibition of 35 works by the late, internationally known artist Luis Jiménez who was born in El Paso, Texas.

The works range in date from 1973 through 2001, and include his sketches, studies, drawings and prints that he created to work through ideas that culminated in his famous large-scale sculptures.

Friday

DIGITAL IMAGE CONTEST (N106) FA 290A

Bradley Wilson and Natalie Melendrez

The contest will provide students with a list of categories and two hours to photograph. Images will be selected using the computer lab at UTA and uploaded to ATPI's contest site. No manipulation of the images is allowed. Schools are limited to three contestants. *Materials: digital camera, card reader or cables to connect the camera to a computer for downloading, any special equipment.* Students will turn in their images beginning at 12:30 p.m. in FA 368A or they may use a personal device. All entries must be uploaded by 1:15 p.m. *Advanced registration required.*

SCAVENGER HUNT CONTEST (N108, N109, N110) ARCHITECTURE THEATER

Shannon Oden and Andrea Negri

This contest will challenge the students' power of observation. The team of one to three students will be provided a list of items to photograph and two hours to photograph with a single camera. No more than three students on a single team. By 1:15 p.m. the team must turn in a point tally sheet and the camera storage card to the registration desk in the Fine Art Lobby. *Materials: one digital camera. Advanced registration required.*

ARTISTIC/NEWS VIDEO CONTESTS (N111 THROUGH N116) FA 2105A

Laura Spray

Students will be provided a theme for the video and will have about 22 hours to complete the assignment. Teams may consist of one to three students. Students will have overnight to complete their videos. Teams will upload their entries to a website of their choice that is publicly accessible by 10 a.m. on Saturday and share the URL via email to vpcontests@atpi.org and info@atpi.org. Students must register and attend the conference to participate in this contest. *Materials: digital video camera, editing laptop with your software.*

Friday

1:30 – 2:20 p.m. (3rd Period)

BIG SCENES, SMALL SUBJECTS FA 2102A

Kyle Juntunen

Combining action figures and photography to create big scenes on small scale. Learn the tricks of the trade to break into action figure photography, from lighting and posing to the essential items you want in your camera bag.

DOCUMENTARY STYLE WEDDINGS..... FA 290A

Nathan Hunsinger

Learn how to transition your news photography skills into cash by shooting weddings. There are a lot of standards that photojournalists do on an everyday basis that don't work for a bride and groom's special day. Learn all kinds of tips and tricks to give the couple confidence that they don't have to worry that the photos will be fantastic.

PHOTOGRAPHING U.S. PRESIDENTS FA 346

Michael Mulvey

How to navigate making an image of two U.S. Presidents meeting during an interview with *USA Today*. How do you plan and stick with the task at hand? And attempt to make the best portrait you can within a very fluid timeframe, with no absolute guarantees? We will compare some images from this historic meeting with first-hand details. Create a space where portraiture can become possibly activated in new ways and look at new trends in editorial portraiture.

KNOW YOUR INTELLECTUAL PROPERTY RIGHTS FA 357

Anthony Mazur

This session informs and dispels the myths regarding student copyright and intellectual property. The audience will get a first-hand account of a former student who lived the debate between students and school board, receiving help from the Student Press Law Center along the way.

GET BETTER PICTURES RIGHT NOW FA 358

Jill Chittum

You'll leave this session with 10 tips you can implement immediately to help improve your photography around your campus. We'll cover basic equipment, researching your assignments, positioning and more.

Except for the contests, the second period sessions do NOT require pre-registration. Attend any session that interests you.

Except for the contests, the third period sessions do NOT require pre-registration. Attend any session that interests you.

Friday

GO FOR BOLD: BEYOND THE PORTFOLIOFA 357

Anthony Mazur

Is a portfolio enough? How can student photographers make themselves marketable for a future career? Come learn what it takes and the unique ways students can find real world experience with the pros to leverage after school and chase their dream.

IS AI THE END OF CREATIVITY?FA 358

Cade Cleavelin

Artificial intelligence has the potential to revolutionize the way we think about creativity. While traditionally seen as a purely human trait, AI is now able to generate original works of art, music, and literature. This opens up new possibilities for creativity and expression that were previously unimaginable. In this presentation, we will explore the ways in which AI is being used to enhance and expand creative endeavors, as well as the ethical considerations that come with it. We will also discuss the potential future of AI and creativity, and how it might change the way we think about the role of humans in the creative process.

5:30 – 6:30 p.m. (5th Period)

RICK TRUJILLO

FRIDAY, FEB. 24 | 6:45 P.M.

RIO GRANDE BALLROOM, HERFORD UNIVERSITY CENTER UPPER LEVEL

Emmy Award-winning news photographer Rick Trujillo likes to say that he didn't pick photojournalism. Photojournalism picked him. He didn't even touch a camera until he was in his early 30's when he went back to college on his third attempt to earn a degree.

After college, he went to nearly every corner of the U.S. covering many national and world news, sports and entertainment events shooting for several of the major American news networks and cable TV shows particularly in the Anchorage, Denver, Las Vegas and Los Angeles markets.

He also has several international TV credits shooting for networks in Australia, Canada and Germany and he also shot special projects in China, Central America and Haiti.

Trujillo has worked with some of the world's most famous celebrities both in Las Vegas and Los Angeles and was a camera operator for the Paramount Network TV show "COPS" during Season 27. He has taken photos at events from the Columbine High School shootings to the Olympic Games to the Iditarod Trail Sled Dog Race in Alaska to PRCA championship rodeos to the Stanley Cup Finals.

He is a freelance camera operator for the Texas Rangers Baseball Club, Dickies Arena, Chocktaw Stadium and UTA's College Park Center and Texas Hall.

THE ART OF THE PORTRAIT USING FILMFA 327A

Marshall Surratt

Learning to see an image using a film camera historically helped photographers acquire a mindfulness and deliberativeness in their work. Photographers were forced to slow down, learn to see the light, and compose in the camera. This session is intended for those who either want to learn more about using film cameras in their work or who want to take the habits of learning to previsualize into their digital work. Particular focus is on the portrait: sculpting faces with light, being able to see the texture, space, and different hues, building a relationship with the subjects to tell their story, and developing your own style.

EVOLUTION OF A PHOTOGRAPHER FA 346

Mitchell Franz

From the beginning days as a high school photographer through local and regional newspaper jobs, onto studying photography in college and then working as an independent professional photographer, Mitchell Franz will share his experience of transitioning and evolving visually. While the work and stories will be personal, the message and lessons should apply to others. This session is perfect for those considering photography as a future career.

4:15 p.m.

Before you head home, join us in the courtyard outside the Fine Arts Building for our group photo to celebrate our 36th annual conference.

Born and raised in North Texas, **SERGIO ALMENDARIZ** is a teacher, filmmaker and writer. He graduated from the University of North Texas with a master's degree in documentary production and studies. After school, he taught as an adjunct professor and worked as a freelance videographer in DFW. As a filmmaker, he has worked on award-winning documentary shorts as producer, director and editor. In 2019, he went back to teach in the school district from which he graduated. Recently, he accepted a new position as the coordinator of digital media and marketing for the district. | salmendariz@gmail.com

SIL AZEVEDO is a photographer and teacher living and teaching in the DFW area. In 2016 he embarked on a life-changing 360-degree trip Around the World, bringing along a couple trusty cameras and three good lenses. A gallery exhibit followed at his Deep Ellum studio, and a book is being produced by a creative agency in Dallas. Photography is, in Sil's eyes, a tool for self-discovery and personal growth. His work can be seen at silazevedo.com. | @silazevedo | sil.azevedo@fwcd.com

Based in Dallas, **CALEN BARNUM** is an award winning photographer whose work runs the gamut from Conceptual Art to Commercial portraiture. Calen has a Bachelor of Fine Art degree with a specialization in photography from the University of Texas Arlington and a Master of Fine Arts (Studio Art) degree from UT San Antonio. EMILY BARON is a photographer in Rochester, Minnesota and primarily works with film and alternative processes. She enjoys shooting many subjects including street photography, still life, and everyday life. | @embryoh | emily@emilybaron.com

SAMANTHA BERRY is passionate about journalism education and helping students find courage in creativity. She channeled this passion into leading students to create award-winning publications during her 12-year career as a journalism teacher. When she's not inspiring the next generation of creative minds, she enjoys reading books, attending brunch, traveling, and trying every coffee shop she comes across. | samantha.berry@cady.com

DARRELL BYERS is a lifelong resident of Arlington and a graduate of UTA with a bachelor's in journalism. Byers spent nearly 30 years as a photojournalist, working for DFW Suburban Newspapers/Belo, *The Fort Worth Star-Telegram* (senior staff photographer) and Reuters (freelance). During those years he also operated a successful freelance business with clients including Bank One, Six Flags, The Texas Rangers, Fort Worth Zoo and the Boy Scouts of America. In 2009, he left the *Star-Telegram* to become the lead photography teacher at Lamar High School where he taught for 14 years. Byers is semi-retired but still busy creating images and – increasingly – live music video for his son Cash. It is his foray into multimedia work that has driven his move to constant lighting as my primary source for all formats. | @byersphoto | darrellbyers@gmail.com

CHRISTINA CHILDRESS is a MFA candidate at UTA, with 10+ years experience as a portrait photographer in Dallas. Her professional photography practice prioritizes capturing people in moments of genuine expression and interaction with their surroundings. As a graduate student, she is exploring a variety of mediums including installation, sculpture, drawing, and incorporating the viewer's experience of photography into new perspectives. | @christina.childress | hello@christinachildress.com

JILL CHITTUM, MJE, is a lifelong yearbook nerd and photographer. She's worked for daily newspapers, as a journalism teacher and adviser, and a yearbook rep. Lately she's been honing her skills, taking pictures of her 18-month-old daughter. | jill.chittum@walsworth.com

DANIEL E. GARCÍA is a Peruvian filmmaker and educator dedicated to the development of visual storytelling curricula and socially relevant filmmaking. His creative work includes the documentaries *Lurigancho*, *Drawings and War* and *The Gift of All*, on the struggles of the gay community and other minority inmates in Perù's most notorious jail, the violent journey of children abducted by the Lords Resistance Army in the North of Uganda, and the history of philanthropy in West Michigan respectively. His narrative piece, *Pescadora*, brings attention to the realities of the women living in the fishing villages of the Pacific coast of South America. And his latest short film, *Tempestad*, looks at the complex hardship in the life of an undocumented family; it touches upon issues of gentrification, code-switching, as well as dignity, family bonds, and work ethic. His films have been screened in national and international film festivals, academic conferences, and has been broadcast on regional PBS stations and on Peruvian national television. His work has won multiple awards, including The Boston International Latino Film Festival and the HBO New York Latino International Film Festival. He is working in the development of his first feature length film and short films shot in Lima, Peru, and Dallas, Texas. | daniel.garcia@uta.edu

Besides teaching, **MARSHALL SURRATT** has a background in both writing and photography. I had an uncle who was a newspaper and book writer and an uncle who was a studio photographer, who (pre-digital) worked primarily with 4x5 and 8x10 cameras. In my photo work, today I feel equally at home with film and digital, but there is something about the discipline of working with film: forcing the photographer to slow down and meditate on each image, studying

the light and the people. That resulting care and mindfulness is something I try to carry over into all my photographic work. | www.iconometry.net | msurratt@gmail.com

SARA VAUGHN is a former ATPI Imagemaker and graduate of the University of North Texas. She teaches alongside her own high school photography teacher at Texas High School, and loves that she gets the opportunity to learn something new every day (even if she learns it the hard way). Vaughn has produced media for weddings, portraits and her local paper since her junior year of high school. Although her curriculum is more design and writing based, she loves media creation of any kind – photo or video. | sara.vaughn@txkisd.net

DUSTIN VICKERS is a junior at University of Texas at San Antonio pursuing a degree in medical humanities and a minor in biology. He volunteers his time at the *Paisano*, an independent student-run newspaper, as the photo editor.
